Laying the foundation of excellence

From the pen of Pro-Vice Chairman

“On Earth there is no purifier as great as knowledge.”

Delhi Public School Bhopal, is the 1st branch of DPS in the city and a part of the world's largest and most famous Public Schools chains. It is backed by the experience of more than six decades of DPS, the track record of best results and expertise of well-trained faculty. In simple words DPS is all about trust.

Hari Mohan Gupta

Pro-Vice Chairman, DPS Bhopal
DPS Indore, DPS Kolar Road, Bhopal
DPS Rau, Indore

A caring, supportive, dedicated, well-motivated and trained team, encourages spiritual, personal & academic development of our students, coming from diverse socio-cultural backgrounds and make them feel unified and equally valued.

You are welcome to DPS Bhopal.

We give utmost care to provide our students with:

- A ‘CHALLENGING ACADEMIC ENVIRONMENT’, which enables each student to realize their potential, and grow strong to compete in today's world.
- A ‘CULTURE’, which promotes good work ethos and encourages all students to acquire an independent and critical approach to learning.
- ‘CUTTING EDGE INFRASTRUCTURE’, which maintains a fine balance between academics, sports and extracurricular activities. This lively environment is stress free and effective, where any student would love to be.

Help your ward to gain equally with any other branch of DPS, across the world.

Come join us in ‘Laying the foundation of excellence’.

“ THE WORLD WIDE DPS NETWORK ”

Dubai to Singapore

Delhi Public School (DPS) Bhopal is a part of the world's biggest school education network.

Our Strength Lies in Over

- 4,00,000 students,
- 25000 well trained teachers,
- 135 outstanding principals,
- 232 branches worldwide.

For over six decades, the DPS Society has envisioned to deliver quality education. Today, it stands as a citadel of learning with a harbinger of quality consciousness, committed to the overall healthy development of children. The vitality of the classrooms, the energy of the playing fields, and the exposure to national and international level student platforms have enabled students at DPS to explore and reach their full potential in various fields – whether it is securing distinctions in the board examinations or winning national /international accolades beyond academics in fields like drama, debates, sports, etc. Getting eminent positions in various entrance examinations to become a part of prime professional institutes of International repute has become an identity of a DPS student.

To match the demands of this century's educational trends and global associations, 'INNOVATION' is fundamental to all DPS learning programmes, and its faculty has endeavoured to revolutionize it in their ideas and practices. The primary focus is on meaningful and joyous learning with help of the best National and International academia bringing experiences from diverse cultural and intellectual exposure.

The educational programmes have evolved from the needs of the society at present, and hence incorporate contextual issues and challenges. Activities and events related to value education, environment, health education, culture and heritage, global experience, personality development, are effectively woven into the fabric of the school curriculum.

“ HEART BEHIND DPS BHOPAL ”

Laying the foundation of excellence

“ PRINCIPAL'S MESSAGE ”

Education is the passport for
the future, for tomorrow belongs to those,
who prepare for it today.

Driven by the principle of 3Es i.e. Exploration, Experiment, and Experience, we at DPS Bhopal believe in producing all-round individuals. We consider every child as an asset and leave no stone unturned in carving a proud personality. We offer a plethora of platforms to our students and motivate them to grab every opportunity that comes their way, ascertaining their holistic growth and making them life-long learners.

Our Motto is 'Laying the Foundation of Excellence'. Following a curriculum which emphasizes a learner-centred education, the school infrastructure provides not only a conducive learning environment, but separate blocks for all age group learners, ascertaining each student his/her own space to learn and grow. The team of dynamic teachers, with their commitment, have shown our students the avenues of endless possibilities. Our consistent results over a period of two decades are the testimony of the same.

The indomitable power of the human spirit has been put to a test during the outbreak of Covid- 19, but it has proved to be a stepping stone in determining our resilience and creativity. With students quarantined at home, the teaching fraternity rose to be the Corona Warriors who streamlined and continued the momentum of the teaching-learning process.

As a pioneer institute for learning, we have been very fortunate to receive immense love, and support from the parents. Seeking inspiration from the words of Wald Amberstone, "Knowledge by itself is dry. But knowledge is watered by contemplation, even by simple reflection, and becomes a living seed that eventually flowers and bears surprisingly rich fruit," we pledge ourselves to create emotionally, socially, intellectually, physically, and ethically strong citizens of relevance. We take pleasure in being a part of this rewarding journey of learning as they unravel the magic of life!

With Best Wishes,

VINITA MALIK

Principal, DPS Bhopal

“ ABOUT DPS BHOPAL ”

DPS Bhopal strives to offer a holistic experience and a place where children can become the best version of themselves. Affiliated to CBSE, DPS Bhopal follows the framework of NCERT/ NEP. We have designed a curriculum to keep students involved and disciplined with specialized academic rigor, co-curricular activities, and a structured routine. Exquisite Indoor & Outdoor sports facilities with quality coaching add to the incredible scholarly excellence.

Our objective is to lay the foundation of excellence in all spheres, empowering the young adolescents with relevant experiences which foster significant educational values and skills to enable them to survive in a competitive world. As a pioneer in public school culture and a trailblazer of knowledge, DPS Bhopal has established itself as a citadel of learning.

School Timings:

(For Offline School - Regular Mode)

Kidszone and Twitter Zone	: 8:30 am to 1:10 pm
Grade III	: 8:30 am to 2:20 pm
Classes IV to VIII	: 7:20 am to 2:20 pm
Grade XI and Grade XII	: 7:20 am to 1:10 pm

WHY DPS BHOPAL

Experiential Learning:

Following the maxim of 'learning by doing', teachers at DPS Bhopal leave no stone unturned to accomplish a joyful experiential learning for the students. Creative Books and other resource materials utilized to keep the creative urge of a young child alive. Hence, this citadel of learning also promises effective, efficient, and interactive methods that are in harmony with the needs of this tech-savvy generation.

Academic Structure:

- The primary and pre-primary levels, follow the pattern of continuous evaluation which focuses more on grades, outwitting the pressure of marks. The toddlers are introduced to more formal schooling from class III when they are exposed to pen and paper tests which are conducted throughout the year and the scores are cumulatively assessed. The senior years of the primary school, transform these young children into academically conscious students who have 'Term System', and are promoted on combined scores of all tests, assignments & examinations.

- The Middle, Secondary and Senior Secondary

Levels, from class VI to XII, follow the plan of action laid down by CBSE in accordance with NCERT. Using the world class facilities designed at DPS Bhopal, students can pursue any extracurricular activity or a sport of their choice during a dedicated time slot in the day. The Senior Secondary students can pursue Medicine, Science, Commerce or Humanities, with a variety of Optional Subjects to choose from viz. Physical Education, Hindi, Informatics Practices, Psychology, Economics, Painting, Geography/Political Science and Mathematics. The provision of additional subject as the 6th subject (Physical Education, Painting, Vocal Music and Dance) gives the students edge over others.

Language Learning:

Apart from offering core subjects at all levels, the school offers a range of languages like Urdu, French, Sanskrit to choose from as 3rd language other than English and Hindi from classes IV to VIII, the same gets converted to 2nd language from class IX.

All this encompassing education is systematized and planned, triggering an insatiable thirst for knowledge in every student.

“ THE DPS BHOPAL CAMPUS ”

“A city on the hill can never be hidden.”

Situated in the lap of nature, the school is an ideal blend of marvellous construction and tranquil surroundings, far from the maddening crowd. The glorious dome of the school building which spires to sky is a testimony to the two decades of determination. This 26 acres campus boasts of well-planned state-of-the-art buildings, vast playgrounds and well-manicured garden where the children of all age groups can enjoy under the sun. The academic journey which begins from Kidszone culminates in Junior College, navigating its way through Activity Rooms, Opera House, Twitter Zone, Middle Block, Quadrangle, well equipped Laboratories, enhanced by Libraries and Smart Classes, taking every learner closer to his cherished goal.

“ SCHOOL AWAY FROM SCHOOL ”

Digital delivery Initiatives by DPS Bhopal in the post-covid-19 era.

When students battled it out in debate competitions whether online education is better or traditional, neither the jury nor anyone else ever imagined that a time would come when a debate on the topic would become immaterial. When the pandemic left the temple of learning devoid of its life and soul i.e. the children, DPS Bhopal was quick enough to realize 'Online learning is not the next big thing, it is the big thing NOW', and pioneered the 'learn from home' programme in the city of lakes.

According to an old proverb, an inch of time is an inch of gold but you cannot buy that inch of time with an

inch of gold. Therefore, understanding the need of the hour, DPS Bhopal started with its digital learning programme as early as March 2020. It was a momentous occasion as the educators themselves turned into avid learners, defying age, gender, subject backgrounds etc. The captain of the ship, Madam Principal, Mrs. Vinita Malik adopted the role of the helmsman and adeptly led the way for the teachers. No time was wasted in educating the educators regarding the digital learning platform which bestowed upon them an ocean of opportunities to explore.

With facile learning abilities, it took very little time for the teachers to explore more and more, the partially explored realm of online teaching. It was time for them to bring into practice the words of an educational technology expert Elliott Masie's 'We need to bring learning to people instead of people to learning'. The teaching-learning process acquired a whole new meaning when age-old concepts in subjects like Mathematics, Science, languages, etc. were made interesting through the virtual medium. Co-scholastic subjects like dance and music also couldn't remain untouched by the new wave of digital learning. Teachers have not only imparted curriculum-based

knowledge to students but also life skills and values through it. The virtual medium has been used successfully to conduct examinations and activities to commemorate innumerable occasions from World Book Day to Diwali, thus enabling students to showcase their talent and develop holistically. A word of appreciation goes to the parents who have extended their wholehearted cooperation to make digital learning incredibly effective.

DPS Bhopal, the dream school of Madhya Pradesh, has once again laid the foundation of excellence... this time in DIGITAL LEARNING.

DPS KIDSSZONE FIRST LEVEL OF FOUNDATIONAL CLASS

At DPS Kidszone Bhopal, we have a warm and stimulating environment where learning is fun. Our Kidszone is the embodiment of a kid's world, full of colours, dreams and fantasy. We keep the children engaged in activities that promote and extend curiosity and awareness of their world.

DPS Kidszone Programme

- Pre Nursery, Nursery, and Prep classes. It caters to the learning of 2 to 5 years old children. Our focus is to provide learning through activities and exploration. We encourage children to develop confidence, self-esteem, and independence. We value parents' contributions and encourage them to get involved with us in the development process. At Kidszone, we treat each child as an individual whose needs should be met in an atmosphere that celebrates diversity. Our experienced and well-trained staff nurtures every child's social and emotional skills.

Teachers

We have a team of well-trained, experienced teachers. They nurture and instruct children with love and dedication and are sensitive to their individual needs. Teacher student ratio is 1:12 and each class has two teachers and a devoted semi skilled helping staff.

Our staff plans and partakes in fun activities with your child, which provides them the skills required for an overall development. We cherish the fact, that each child is unique and has an individual learning pattern, thereby, accepting and motivating their different learning styles. We have highly proficient language development professionals, and athletically trained Physical Education Teachers, who overlook the gross motor development of the child. The dance teachers and swimming coach for these toddlers further contribute to enhance their skills and personality. The staff is kept abreast with latest changes and techniques in the field of education.

The Air-Conditioned SMART Classroom

We at DPS Kidszone Bhopal understand the current and future education barriers, therefore we formulate innovative solutions to address these problems. We aim to be pioneers in education techniques with New Age Smart Class. In Smart Classes, firstly the curriculum is converted into animated visuals, which not only becomes an enjoyable experience for the students but also enables them to relate & remember facts, easily. This makes learning a thrilling and exciting experience.

The Curriculum

Children start to learn about the world around them from the moment they are born. At DPS Kidszone we recognise that children learn and develop in different ways and at different rates. We value all areas of learning and development equally and understand that they are inter connected.

Especially designed assignment booklets, not only give an insight to the recapitulation of the monthly curriculum, but also the time for the parents to gauge their child's understanding of concepts being taught in class. Our assessment and evaluation methods are formative and motivational. We believe in teaching methods, which enhance the multidimensional learning of every child.

First: Personal, Social, and Emotional Development

The curriculum helps children to develop a positive sense of themselves and others, to form meaningful relationships and respect others, to develop social skills and learn how to manage their feelings, to understand appropriate behaviour in groups, and to have confidence in their own abilities.

Second: Physical Development

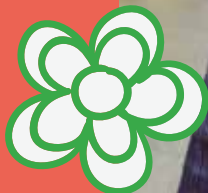

The curriculum involves opportunities for young children to be active and interactive; and to develop coordination, control, and awareness of their personal and social space.

Third: Communication and Language

This part of the curriculum involves giving children the opportunities to experience a rich language environment through stories, songs, rhymes, poems, and a well-equipped library. Special faculty for language works with them so that they can develop skills in expressing themselves, and react and act in a range of situations. Academics are balanced with lots of co-scholastic activities. Various field trips and nature walks are an integral part of the curriculum.

These are the
three prime areas
of our curriculum

Sports Facilities

DPS Bhopal has world class sports facilities for the students of Kidszone. There is a range of small and large balancing and climbing equipment for kids to improve their motor skills. Kids also learn to safely handle appropriate tools, objects, construction and malleable materials. The widespread lawns enable them to hop, jump, run, skip, meditate, and more importantly, follow instructions. Facilities like, the ozonized swimming pool and the sandpit enhances their fantasies and refines motor skills. Many competitions are held which involves physical endurance and also develops team spirit.

Events and Engagements

1. Coffee Noon with Maa and Pa: Celebration by Pre Nursery students where the parents are invited over a cup of Coffee with the teachers, and the students of Pre Nursery perform a cultural programme.

2. Grandparents' Day Celebration: An evening where Nursery toddlers express their emotions for grandparents through speeches and poems and grandparents express their views and enjoy fun games especially organised for them.

3. Father's Day Out: It is a fun and active day especially planned for the fathers to bond further with their wards in a fun-filled ambience.

4. Orientation: The parents who are the new members of the DPS family have a session with the school Counsellor, Dietician, and the Class Teacher to make them aware of the yearly curriculum and the school policy.

5. Graduation Ceremony: The students of grade Prep formally graduate to Grade 1 in a touching Graduation Ceremony planned especially for them. The students of Prep narrate their memories of Kidszone as they begin with formal schooling from Grade 1. The Nursery students perform a farewell dance for PREPITES.

6. Parents Teacher Meet: In an academic session, around 5 to 6 parents-teacher meetings are held, where parents get a platform to share their views and concern about the child. The teacher also gets an opportunity to talk in person about each child with the parent as special time slots are allotted for each child.

7. Star Child: A child per section is identified each month and his/her picture along with his/her likes and dislikes is displayed. It motivates the children to be up there on the class wall and inspires them to perform better. The children are encouraged to enjoy sharing the success of their peers. They also get motivated to work hard so they could be the star child.

TWITTER ZONE: GRADE 1 AND 2 SECOND LEVEL OF FOUNDATIONAL CLASS

The beautiful, well-equipped block of Twitter Zone is an excellent platform for the twittering birdies where they are taught various activities. They are exposed to many clubs to develop and polish their co-scholastic skills.

Well designed and technically crafted block for Grades 1 and 2 has an AC auditorium called "Opera House" which gives students the opportunity to showcase their talent in the most effective manner. Live labs viz. Rhythm, Bytes, Colour Palette, and Recreation room give a different dimension to the Holistic growth of a Child's personality. Here is an insight into the Twitter Zone -

Teaching Goals and Objectives

A team of experienced, sincere, dedicated, and committed teachers have a common goal to shape each Tweety into a smart, confident, and polished individual ready to face the challenges ahead. The curriculum is planned and co-ordinated for both the segments of Grades 1-2 for a smooth transition wherein each and every subject taught is made interesting and activity-oriented for better teaching-learning. The Activity Teachers are skilled in their respective areas with finesse so that the Tweeties have an all-round development. The focus is on reading and enhancing spoken skills to make them better individuals. Learning objectives of individual subjects and activities are met for better outcomes.

Learning Through Application

Various clubs are organized to further groom and polish the Tweeties. Various activities for reading and oration are conducted regularly. All concepts are value-based and numerical abilities are strengthened through mathematical concepts. The learners are able to apply scientific knowledge on various day-to-day phenomena. Focus on languages also helps in better communication and increases their vocabulary.

Curriculum

The syllabus and the curriculum are child-centric and as per the NCERT/NEP guidelines. Both scholastic and co-scholastic subjects are given equal importance. In English, the focus is majorly on reading and comprehension. Students are encouraged to read more and are also further motivated to express their thoughts in words. Mathematical concepts with basic operations of addition, subtraction, multiplication, and division are taught through activities. Hindi as a language is taught keeping in mind the matras for better understanding. GK and other subjects are also dealt with in an interesting manner. The content is developed by our skilled teachers as per the level of the learners, following a vertical co-ordination between the two, Grade - 1 and 2. There is a smooth transition from one Grade to the other and the concepts taught in Grade 1 are further elaborated and taken to the next level of difficulty in Grade 2. This pattern is followed for each subject. In all, the journey of a learner in Twitter Zone is fun-filled, interesting, and educative. Tweeties love and feel proud to be a part of Twitter Zone and express their desire to continue here itself.

“ EXTRA CURRICULAR FACILITIES ”

Children at the twitter zone are taught to seek knowledge from everything they do. They are encouraged to engage in new ideas and to solve simple practical problems. Our aim is to make them confident enough to demonstrate independence in activities like dressing, personal hygiene and selecting an activity or resources. They are also made comfortable in expressing their feeling but at the same time, they are educated on how to behave in appropriate ways with an understanding of what is right or wrong and why. They develop respect for their own culture and also of others.

A plethora of activities and themes are designed with which every student can relate. The competitions are planned keeping in mind the overall development of the child in various spheres of learning. Events and Celebrations planned throughout the session gives them an opportunity to face the crowd and express themselves. Each class has a mirror which helps the child to grow with the sense of self esteem and learn how to groom. Sessions on grooming are conducted periodically. All these play a significant role in their personality development.

“ THE MIDDLE SCHOOL ”

Children from the caring and protective environment of the Twitter Zone come into the main school building. As they grow their learning requirement changes and that is what has been taken care of, in the middle school. What is unique about DPS Bhopal is that the entire infrastructure has been designed with the focus on giving a 'Stress Free Learning Environment'. The Academic Block houses well equipped science labs for practical learning experience which include three hi-tech Computer Labs and two Libraries for students to explore the world of literature. Botanical Garden and other high quality facilities at DPS Bhopal, add to the process of learning through experience.

“ THE JUNIOR COLLEGE ”

At Junior college, the students enter the most crucial stage of career building in their school. At this stage they not only focus on their final board exams but also need to prepare for various other competitive exams. Keeping all these preferential needs in mind, DPS Bhopal has a separate building.

This building has 26 tiered classrooms with Smart Class facilities. It also has a library, Computer Lab, and various other Laboratories for the students' need. The block also has vibrant Fine Art Room and an Amphitheatre which can house 300 people to nurture the young budding artists of the future.

“ ICT BASED CLASSROOMS ”

DPS Bhopal relies on 'INNOVATION' to tackle the current and future education barriers. Thus, we aim to be at par with the 21st Century education techniques with New Age Smart Class. In Smart classes, firstly the curriculum is converted into animated visuals which not only becomes an enjoyable experience for students but also enables them to relate & remember facts, easily. This makes learning an exciting experience. Each Classroom is 'ICT' enabled, which augments the learning with variation in stimuli. This transcends the learning outcomes to life-changing experiences. This transformative learning enables the students along with the teachers to make an effective transition into new-age learning.

The classrooms have 75-inch touch panels which help children in virtual learning and cementing the concepts. TATA Smart Class Edge modules make the Chalk & dust free classes highly interactive and engaging. This new way to learn and explore has brought the world class learning to our classrooms.

“ ACADEMIC ENRICHMENT FEATURES ”

- Integrated interdisciplinary projects based learning
- Continuous Assessment and Evaluation
- Regular Career Guidance by Reputed Experts
- One-on-One mentoring system at all levels
- Regular Tours, Educational Excursions and Exhibitions.
- Focus on soft skills and life skills development.
- Frequent Teacher-Parents communication
- Continuous Orientation and Counselling sessions for both, parents and students
- Sensitizing thoughts through Community Service activities to inculcate strong value system.
- The parents are issued a special Parent ID card which they need to produce during the Personal Pickup of their child.
- The campus is under CCTV surveillance and guards are posted at various positions.
- Safe and secure building with fully fenced grounds.
- All adults working in our school, on a regular basis undergo security clearances through the appropriate channels.

“ BEYOND ACADEMICS ”

It is our firm belief that every child is gifted with creativity, though in varying degrees. DPS BHOPAL offers its students a variety of extracurricular activities. Vocal and Instrumental Music, Dance, Art and Craft, and SUPW are integral parts of the education system in the school till Class VIII. After that, exceptional students are given attention through extra classes.

Children have the opportunity to present their works in National and International exhibitions. Students also participate in regular All India Inter DPS Competition for Music, Dance, Sports, Art and Craft & all literary events and competitions organized by DPS Society as well as other Inter School competitions organized by CBSE. The school holds competitive fixtures against various other schools from across the country.

Some of the extracurricular activities, for which the school encourages its students are:

Art & Craft | Instrumental & Vocal Music | Elocutions and Extempore | Western & Classical Dance | Debating | Social Work | Poetry | Photography | Digital Film Making | Robotics | Quiz Competitions | Technology Symposiums and Tech Marathons.

THE OUTDOOR SPORTS FACILITIES

At Delhi Public School, Bhopal sports and games curriculum is an integral and compulsory part of the education process. Sports help to build character and teach the importance of discipline in life. It inculcates respect for rules and allows the participants to learn the value to self-control. The school has a strong team of 46 expert coaches of various games. DPS Bhopal has won every major sporting tournament in the city and has also managed to nurture 250 talented national and 15 International players.

The Management also has a scholarship scheme of Rs. 25 lakhs per annum to promote the talented sports personalities of the school.

Sports facilities are enumerated below:

- **Racing Track:** The 200m track has 8 lanes and a grass surface. There is a seating capacity for 1000 Spectators
- **Basketball Courts:** There are two basket ball courts made of concrete
- **Cricket Ground:** The school has two concrete cricket pitches and a grass pitch
- **Football Field:** There are two full size football fields
- **Volleyball Court:** There is one outdoor volleyball court where the students can practice.
- **Tennis Court:** The tennis court in school is of international standard
- **Swimming Pool:** The school has a ½ Olympic size swimming pool. While the students of KidsZone enjoy their exclusive small splash pool
- **Martial Arts:** Training in judo and other forms of martial arts is offered to the students
- **Gymnasium:** A well equipped gymnasium adds to the sports facility of the school
- **Horse Riding:** The school has 4 well-trained horses with professional coaches
- **Facilities for skating and netball** are also there in the school
- **Carom, Yoga** are the other indoor games are also offered

“ SCHOOL TRANSPORT ”

Delhi Public School Bhopal has an excellent fleet of 75 buses covering the entire city of Bhopal with stops at regular intervals for picking up students and teachers. The school runs brand new buses as per the norms of the RTO, which are spacious and have the capacity to accommodate 50 students per bus.

- Buses are fitted with all the features in compliance with CBSE, Supreme Court, and State guidelines.
- One seat behind the driver and the seat near the emergency exit is removed in view of student safety.
- Driver's cabin is completely separated from the students' seating area.
- Seat belts are installed for all students and drivers.
- Each bus is fitted with cameras and GPS.
- Each bus is equipped with a microphone to maintain constant communication with the drivers.
- Every bus has 2 panic buttons and 8 help buttons which are linked to the school.
- SLD devices are checked and the speed is set below 40 km/hr.
- Every bus has accessories like First AID box, water container, and dust bins.
- Lady guards are appointed in each bus to check and ensure the safety and security of the students.
