

DPS KIDSZONE

A LEARNER'S PARADISE DURING FORMATIVE YEARS

Laying the foundation of excellence

DPS KIDSZONE BHOPAL

Welcome to Kidszone, where the journey of learning begins! We are thrilled to embark on this educational adventure with you and your child, forging a partnership that will guide them throughout their school years. Our commitment to excellence ensures that the child receives top-quality education, aligned with the esteemed NEP (National Education Policy) 2020 and NCF (National Curriculum Framework) of India. Our approach to education revolves around making learning a fun and engaging experience.

Through age-appropriate activities in Language and Literacy, Numeracy, Cognitive Development, Aesthetic Development and Physical Development, we aim to ignite their passion for learning. We firmly believe that learning through play and exploration is the foundation of early education. At Kidszone we cater to children aged 3 to 5 years, ensuring a holistic and enriching early education experience. Join us at Kidszone, where every day is a new adventure in learning, growth, and discovery. Together, we'll shape a bright future for the child.

DISTINGUISHED FEATURES AT DPS KIDSZONE

MUNCHIES- MEALS AT SCHOOL

Encouraging healthy eating habits is essential for childrens' alertness and helps instill proper manners and dining etiquette. At MUNCHIES, our spacious and hygienic cafeteria, we serve nutritious and delicious vegetarian meals carefully planned by qualified dieticians. We take special care to offer a menu that keeps our students enthusiastic and healthy, promoting their overall well- being.

AIR CONDITIONED CLASS ROOMS

Our castle-inspired facility is thoughtfully designed for preschoolers, featuring not only air-conditioned classrooms but also an engaging activity room. We embrace technology and provide advanced infrastructure to create a dynamic environment that fosters learning and facilitates teaching

INTERACTIVE SMART PANEL

Our classrooms are equipped with 75-inch touch panels, enhancing virtual learning experiences for children. With the support of Tata Class Edge modules, we ensure a solid foundation for understanding key concepts. Transitioning to a class smart board eliminates chalk and dust, providing a cleaner, more interactive way to learn and explore. These state-of-the-art interactive panels bring world-class learning directly to our classrooms.

NO HOMEWORK POLICY

We've embraced digital books and in the session 2019-20, introduced a no-homework policy. This change has led to a stress-free learning environment, allowing students to explore and learn across various facets of their education. The absence of homework provides parents with the opportunity to discover their child's genuine interests and hobbies. This reduction in workload not only eases the physical burden on children but also lightens their emotional well-being.

AN INNOVATIVE AND EXPERIENTIAL FOUNDATIONAL STAGE PROGRAM

The learning journey is a unique amalgamation of child-centered pedagogy and inculcation of transversal skills that will facilitate the achievement of learning outcomes as per the NCF.
