Laying the foundation of excellence

JAGRAN SOCIAL WELFARE SOCIETY

In a world where education holds the key to unlocking one's potential, Jagran Social Welfare Society (JSWS) stands as a beacon of hope and opportunity. Since its establishment in 1997, this visionary organization has been committed to transforming lives through the power of education.

At the heart of this noble endeavor is Shri Hari Mohan Gupta, a visionary leader whose unwavering commitment has paved the way for the society's success. Guided by his compassionate vision, the society has become a catalyst for change, leaving an indelible mark on the state of Madhya Pradesh, India and beyond. From its inception, Jagran Social Welfare Society has championed the belief that education is a fundamental right that should be accessible to all, transcending barriers of race, caste, or creed.

In pursuit of this vision, the society has established progressive schools, colleges, universities, and other educational institutions throughout India, creating a network of excellence that has benefited over 50,000 students since its inception.

The true glory of an institution is etched not in the passage of years, but in the transformation of lives it inspires.

Vinita Malik
Principal

It is with immense pride and joy that I extend my felicitations on the Silver Jubilee of Delhi Public School, Bhopal—a glorious milestone in our journey of excellence. For twenty-five years, our institution has stood as a crucible of erudition, nurturing intellect, values, and creativity. Enriched by the vision of the management trust of parents, the devotion of teachers, and the diligence of students, DPS Bhopal has emerged as a vanguard of academic brilliance, innovative pedagogy, and holistic growth. As we stride ahead, our mission remains to shape learners into confident individuals, equipped with life skills and prepared to be compassionate global citizens.

THE DELHI PUBLIC SCHOOL SOCIETY

“When people come together as a team, share a dream and focus on enriching their goal - a lot is accomplished...”

The DPS Society with its motto ‘Service before Self’ is a non-profit, non-proprietary, private, educational organization and was registered under the Society’s Act in 1948. The very first school of the DPS Society was launched in 1949 at Mathura Road. DPS Mathura Road was the flagship school to change the dynamics of education in the capital city of India.

The founding fathers and their immediate successors are no more, but the legacy continues to be the source of strength to the educational movement of the DPS Society. This journey has involved a vast canvas of highly innovative and motivated individuals from across institutes of excellence, the core schools and the affiliated schools, educationists who have been in “Synergy”.

Vision

The vision of the DPSS is to foster a world where every learner has the opportunity to excel and succeed. With a network spanning around 250 schools, it strives to provide a transformative educational experience that empowers students to reach their full potential. Grounded in its commitment to academic excellence, innovation, and inclusivity, the DPSS aims to nurture a diverse community of lifelong learners who are equipped with knowledge, skills, and values to positively impact the community and shape the future.

Mission

The mission of DPSS is to empower every student to achieve academic excellence and personal growth within a supportive and inclusive learning environment. Through innovative teaching methods and individualized instruction, the focus is to inspire a lifelong love for learning. The main goal of DPSS is to equip students with critical thinking skills and strong ethical values essential to thrive in an ever-changing world. It fosters a culture of collaboration, respect and social responsibility, aiming to cultivate compassionate leaders who positively impact society and contribute to a brighter future for all.

The DPS Society has always sought quality education and excellence in its educational endeavours and has emphasized the practice of holistic learning for students and shared with teachers, the need for life-long learning as a measure to balance a fulfilling profession together with a contented, highly inspirational personal life. In its classrooms and playfields, the desire and direction of the Delhi Public Schools is to make responsible, compassionate and patriotic individuals who will practice the highest of values and contribute the utmost to the well-being and progress of society.

ABOUT DELHI PUBLIC SCHOOL BHOPAL-ESTABLISHED IN YEAR 2000

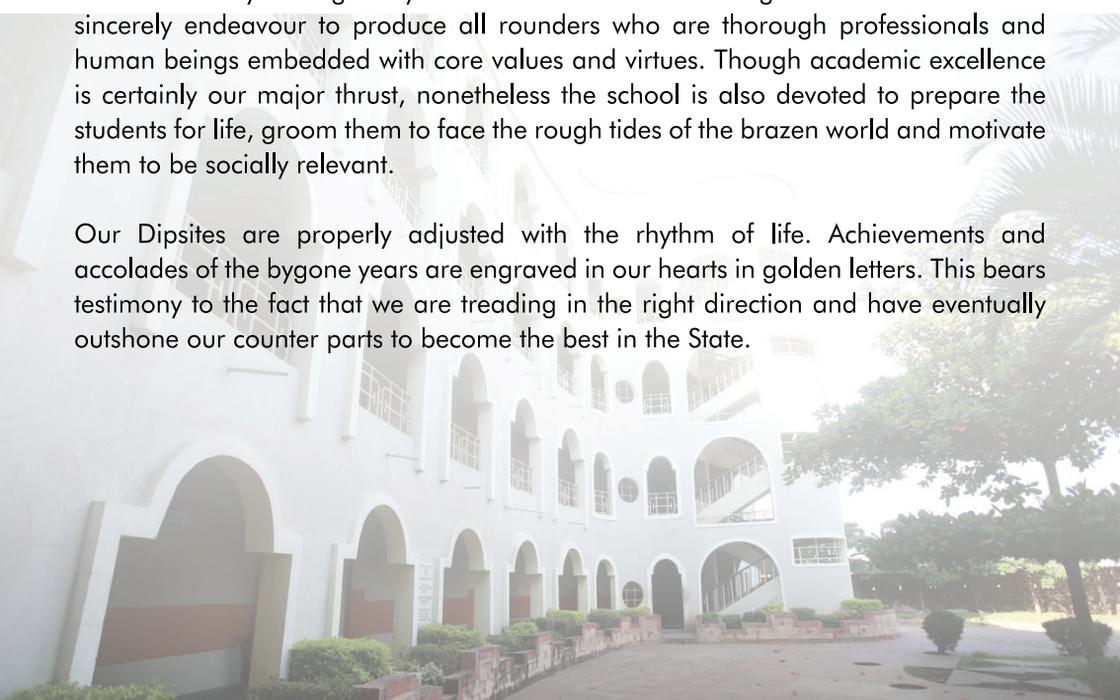

A tiny seed of a dream was sown by the visionary Shri Hari Mohan Gupta Ji, a man who thought ahead of his times, a man who believed in equality in terms of education and social well being, a man who could foresee the culture of public schools gaining sway in the educational scenario of Madhya Pradesh.

The seed gained the ground and was well tended. It was a propitious beginning. A dream was soon to be transformed into reality and at the dawn of 3rd July 2000, the City of Lakes woke up to an accomplished dream- Delhi Public School Bhopal, which was very soon crowned as the Dream School of Madhya Pradesh. The reigns of the dream changed hands and slowly DPS became a dream school of every child

DPS, Bhopal, which has consolidated its position as a popular seat of learning in central India, is treading ahead, backed by the principle of efficient and effective learning, immersing the learner in the concept of self-development and enabling him to have a rock solid value system. In a world buzzing with cut throat competition and where winning is determinant to success, DPS, Bhopal, is the right place to equip the students to embrace every challenge, avail every opportunity and accomplish dreams through systematized and well planned, all encompassing education.

The motto of Delhi Public School Bhopal is 'Laying the Foundation of Excellence' and we are seriously striving to lay a firm foundation of knowledge and wisdom. Here we sincerely endeavour to produce all rounders who are thorough professionals and human beings embedded with core values and virtues. Though academic excellence is certainly our major thrust, nonetheless the school is also devoted to prepare the students for life, groom them to face the rough tides of the brazen world and motivate them to be socially relevant.

Our Dipsites are properly adjusted with the rhythm of life. Achievements and accolades of the bygone years are engraved in our hearts in golden letters. This bears testimony to the fact that we are treading in the right direction and have eventually outshone our counter parts to become the best in the State.
